**EDUCATION** *M.Eng. Electrical and Computer Engineering*, Aristotle University of Thessaloniki, Specialization area of Electronic & Computer Engineering, 2013-2019.  
**Grade:** 7.05/10  
**Thesis:** Deep Learning Architectures using Convolutional Neural Networks for Magnetic Resonance Image Segmentation.

**TECHNOLOGY SKILLS** **Programming Languages:** Python, R, SQL, C, C++, MATLAB, Java.  
**Technologies:** Neural Networks (Keras + TensorFlow).

**EXPERIENCE & PROJECTS** *Thesis* *November 2019 - February 2020*  
**Aristotle University of Thessaloniki**  

- Design and implementation of neural network architectures for knee MRI segmentation.

*System Administrator* *August 2020 - February 2021*  
**Greek Army**  

- Classified network administration.
- Technical support to headquarters.

## Certifications

Deep Learning Specialization by Coursera.org.

**OTHER** **Languages:** Greek(Native), English(C2).  
**Interests:** Technology, Artificial Intelligence, Machine Learning, Computer Vision.
