

Antonaros Theodoros

antonarostheodor@gmail.com — +30 6937091665 — [linkedin.com/in/theodorosantonaros](https://www.linkedin.com/in/theodorosantonaros)

EDUCATION *M.Eng. Electrical and Computer Engineering*, Aristotle University of Thessaloniki, Specialization area of Electronic & Computer Engineering, 2013-2019.
Grade: 7.05/10
Thesis: Deep Learning Architectures using Convolutional Neural Networks for Magnetic Resonance Image Segmentation.

TECHNOLOGY SKILLS **Programming Languages:** Python, C/C++, MATLAB, R
Technologies: Neural Networks (Keras + TensorFlow).

EXPERIENCE & PROJECTS *Thesis* *November 2019 - February 2020*
Aristotle University of Thessaloniki

- Design and implementation of neural network architectures for knee MRI segmentation.

System Administrator *August 2020 - February 2021*
Greek Army

- Classified network administration.
- Technical support to headquarters.

OTHER **Languages:** Greek(Native), English(C2).
Interests: Technology, Artificial Intelligence, Machine Learning, Computer Vision.
